

I am the best candidate for the Antioch City Council Race.

I have served as Mayor, Mayor Pro-Tem, Council member, as a Neighborhood Watch Presenter and organizer, and on the Antioch Police Commission, now known as the Crime Prevention Commission. My record of support to Improve Safety includes:

1. Leading the efforts to modernize and upgrade the equipment in our Police dispatch center, allowing for better and faster communications with our officers. This also brings in revenue because we Dispatch for Brentwood PD and they pay us for that.

2. Spearheading the re-instatement of our Canine Unit when it was no longer functioning. Our Dogs are the Best!

3. Chief Moczulski and I introduced the VIPS (volunteers in Police services) program to the City of Antioch, saving hundreds of thousands of dollars from the Police Budget and hours of time that officers need for Priority events. My wife Susan was one of the first recruits for the VIPS program. **PUBLIC SAFETY IS MY TOP PRIORITY.** Hiring more Police and Community Service Officers are in the works now. This also includes more Code Enforcement Officers.

Five generations of my Family have LIVED, WORKED, WORSHIPED and ATTENDED SCHOOLS HERE, from my Grandparents to my Grandchildren. I have deep roots and a vested interest in Antioch.

I have seen poor decisions made by prior City Councils and believe it is Imperative WE DO NOT repeat those mistakes. When we miss out on business and commercial development, we miss out on Critical Tax Revenues.

I have built “bridges in the Community” with all Ethnicities through DIGNITY and RESPECT. I have spent endless hours working with our local BOY SCOUTS, VETERANS GROUPS, SCHOOLS, and the ELDERLY, all Businesses Large and Small. My wife has owned a small business in Antioch for over 35 yrs. Yet, I still have time to meet with our Local and Federal Highway and Transportation Representatives in Congress to ensure continued funding of the widening of Highway 4 and including E-BART.

With a Banking and Financial Background- I’ve met the challenge to keep Antioch solvent and “Out Of Bankruptcy”, while making necessary budget cuts to maintain Crucial Services.

I’ve served in both GOOD and BAD economic times in Antioch. It takes an EXPERIENCED LEADER to serve in these Challenging times, and be able to lead the City back into Economic Recovery. I AM THAT LEADER!

I’m proud to be the only Candidate for City Council to receive the Endorsement of the Antioch Police Officers Association. The Contra Costa Times also Endorsed me.
